

### **THE H-2 HUMMER BRACE BUS**

**This is a complimentary service we offer to our patients!!!!  
Taking them from school to their orthodontic appointment.**

**We realize the difficulty parents have in getting their school aged children to orthodontic appointments, and with this in mind, we are offering a transportation service tailored to meet your needs!**

#### **How it works:**

- **Patients will be picked up from school in our H-2 hummer, checked out, brought to our office and then returned to school as quickly as possible.**
- **You may use the "Braces Bus" on a continual basis or for a one-time appointment as needed.**
  - **Appointments need to be made in advance, as we plan on taking several students from each school.**
  - **Each school will be scheduled on a specific day.**

#### **What's the cost:**

**This is a complimentary service for our patients who are in active orthodontic treatment. Preference will be given to families with both parents working outside of the home.**
